

### *Have You Incorporated TIC Corporate Profiles Into Your Presentations?*

In case you were not aware, TIC has Corporate Profiles available for use with your sales literature and any other type of presentation/event that can benefit from a company information-based accompaniment.

The profiles have a back pocket perfect for storing product brochures and fliers, and contain slits for your business cards.

If you would like to request Corporate Profiles, you can contact the MarCom Department via email at [Marcom@tic.toshiba.com](mailto:Marcom@tic.toshiba.com).

Don't forget to take advantage of this great tool! ■

## First Licensed Russian Toshiba Assembly and Manufacturing Facility Opens

*Submitted by Allen Neciosup & Mike Ayers*

*Ryuichi Nakata congratulates Alexander Nozlik at the SPIK SZMA Grand Opening.*

The Grand Opening Ceremony of the first licensed assembly and manufacturing Toshiba facility in Russia was held on October 26, 2006 in St. Petersburg.

One of the products manufactured by SPIK SZMA, is a 200 to 700 kVA electric drive. These Toshiba-based electric drives are manufactured in accordance with the License Agreement between Toshiba International Corporation (TIC) and SPIK SZMA signed in April 2006.

SPIK SZMA personnel were trained at TIC before the company opening. At the ceremony, representatives from international and local companies spoke on the success of the project and on perspectives of the partnership development. ■

### Scott Johnson Moves to Motor R&D

*Submitted by Robert Roth*

Scott Johnson transferred from the Motor Plant Design Engineering to Motor R&D on November 1. Scott joined TIC in May 2003, with a Mechanical Engineering degree from Texas A & M University. He led numerous projects during his tenure in the Motor Plant, and established strong working relationships, which will benefit Motor R&D projects.

Thank you Scott for your hard work during the three plus years you spent in Motor Design and congratulations on your new position!
